Silicone Finishing Solution

Available in six concentration levels: SFS 603; SFS 605; SFS 607; SFS 609; SFS 610

DESCRIPTION: A series of silicone emulsions designed to eliminate marking and static buildup on the web of paper during the folding, cutting and stacking operations. These emulsions contain additives to enhance the performance of the silicone and make for trouble free finishing. Available in various concentration levels to meet specific needs.

INSTRUCTIONS: Mix silicone finishing solution according to manufacturer's specifications. As determined through product analysis and specific printing needs.

For specific recommendations, contact an RBP Technical Representative.

BENEFITS:

- Reduces or eliminates static buildup
- Inhibits growth in tanks
- Eliminates marking
- Easy to use
- No VOCs

This product should be used only for its intended purpose. The information stated above is based on our laboratory tests and experience, and is accurate to the best of our knowledge.
